[Chorus]

Turtle neck n' chain [x3] (sippin' on a light beer)

Turtle neck n' chain [x3] (sippin' on a light beer)

Turtle neck n' chain [x3] (sippin' on a light beer)

[The Lonely Island]

My turtleneck fat and my chain so thin,

N' I'm sippin' light beer, n my crew right here

Chain razor thin like beer in my cup,

And my sweater on turtle with the neck on buff

Huge turtle neck and my chain so skinny

Beer light all night, stand up get dizzy

Light cup, beer drink, thin so chain,

Neck turtle fat, man I won't say it again

[Chorus]

Turtle neck n' chain [x3] (sippin' on a light beer)

Turtle neck (check) with another on deck

Incase I spill something on it (like some light beer,
yeah)

We be braggin' bout who's chain the thinnest

Turtle neck thicker than delta burse women in the
Guinness

(Now bear with me)

But they can't see my chain,

Metal so thin it dissolve when it rains

Got more chains than the snow patrol

Everyone razor thin like an insect stripper pole

[Chorus]

Turtle neck n' chain [x3] (sippin' on a light beer)

Chain so light when police roll by, I made it flow (I made
it flow)

And my beer so light you could see right through it, like
a ghost

And I also wear turtle necks

Sweaters swallowing my chain like it's stuck in the
couch

Looking like cookie mother floss in this mouth

Find me coolin' on the corner sippn' light beer foam
You can tell by my turtle neck and chain that I bone
T-turtleneck, light beer n' a thin ass chain, n' that's it
[x2]

[Snoop Dogg]

The rabbit kicked the bucket, dog said fuck it,
Get my 2 step on, with my turtle neck on
Thin ass chain, like beer in my glass
Mackin at the bitches, the ones with the ass
Girl you know it's true, tell me what it do
Oh you like my style, say you like my crew
Say you wanna' be under my chest,
This turtle neck is like one of my best [x2]
So I guess your dress, no stress, stayin' fresh as my
bandana
Ima crook, so my look, Ima game go getta
The fatter the puppy, get the fluffy, get the bigger the
turtleneck,
The more gangster it is

[Chorus]

Turtle neck n' chain [x3] (sippin' on a light beer)
Turtle neck n' chain [x3] (sippin' on a light beer)
