Hey, so you threw your heart right in  
And it turned out less than perfect  
A losing streak is starting in your mind  
You let yourself believe the pain is never gonna be  
worth it

Don't beat yourself up  
Know that you were never wrong for wishful thinking  
So you done lost the battle  
Should we just cross out your name and let you sink?

You got me feeling like the last surviving great  
romantic  
But stop dreaming and the world stops spinning  
around  
You feel foolish 'cause love never turns out like you  
planned it  
And stop believing and the world starts letting you  
down

So, you had to let it go it clearly wasn't working  
A new love leaves you trembling  
You hide behind the door  
So unsure of what you used to know

So now you think  
You're every move ten steps ahead and you are frozen  
Caught inside yourself  
You're drowning as the anger overflows

You got me feeling like the last surviving great  
romantic  
But stop dreaming and the world stops spinning  
around  
You feel foolish 'cause love never turns out like you  
planned it  
But stop believing and the world starts letting you down

You got me feeling like the last surviving great  
romantic  
But stop dreaming and the world stops spinning  
around

You feel foolish 'cause love never turns out like you  
planned it  
But stop believing and the world starts letting you down
