Shouldn't be like this, shouldn't be like this  
No, not according to fairness  
Shouldn't be like this, shouldn't be like this

Don't keep me waiting, I'm not a patient man  
Don't fool yourself I am  
Don't make that face at me, tell me sh\*\*  
Why, what am I supposed to see  
You've never known how to share what has grown  
You'd turn your back on me, after all we've seen  
And I've always been...

... there for you to help you make your way  
And all you care for are the compliments they pay

And you dare to be cool with me  
There's a fight building up inside of me  
You gave it a life in me  
When you mistook my calmness for apathy  
Look for the greater truth  
You let their love convince you you're bullet proof  
Put one foot back onto solid ground  
If they can build you up sure they can pull you down

Shouldn't be like this, shouldn't be like this  
Your greed is making you careless  
Shouldn't be like this, shouldn't be like this  
No, not according to fairness

The bigger the lie, the louder the shout  
We both know what it's all about  
The more we defend, the bigger the doubt  
We both know what it's all about  
All we achieved makes it harder to believe  
You'd turn your back on me,  
After all we've seen and I've always been...

... there for you to help you make your way  
And all you care for are the compliments you crave

And you dare to be cool with me  
There's a fight building up inside of me

You gave it a life in me  
When you mistook my calmness for apathy  
Look for the greater truth  
You let their love convince you you're bullet proof  
Put one foot back onto solid ground  
If they can build you up sure they can pull you down

Shouldn't be like this, shouldn't be like this  
No, not according to fairless  
Shouldn't be like this, shouldn't be like this  
If they can build you up sure they can pull you down

Shouldn't be like this, shouldn't be like this  
Your greed is making you careless  
Shouldn't be like this, shouldn't be like this
