Intro:

Yo, Wyclef, It's time that I confess (Refugee Camp) to  
all the girls

(Don't do it, don't do it)

\*singing\* To all the girls I loved before

\*rapping\* To all the girls I cheated on before

\*singing\* To all the girls I loved before

\* Verse 1

To all the girls I cheated on before, I tip my hat like  
Willie Nelson

You got pressure, take a sip of this Molson

Here's what happened, it wasn't my intentions

To fall into seduction while playing a temptation

I thought I had it figured out, but games don't last

The hourglass ran out, I got sprayed with the tear gas

Big men don't cry, hold my feelings inside

Stress brings me ?, I gotta hold my pride

When I see you with another guy, jealous thoughts of  
homicide

Call me selfish when I say Abraham has many wives

You say this is the 90's, either it's gonna be me or her

I found myself in a blur

Lookin' into the clouds thinkin' out loud

"I'm in love with two women, who is it gonna be now?"

Chorus:

To all the girls I cheated on before, it's a new year

I got a new change of gear, I swear

I can see clear now the clouds disappeared

You forgive but never forget, so the past reappears, uh  
huh

To all the girls I cheated on before, it's a new year

I got a new change of gear, I swear

I can see clear now the clouds disappeared

You forgive, but you still think that I'm a ho

Verse 2:

Second verse is gonna hurt, based on a true life story  
I got married at 24 in New Jersey  
You know the feelings start nature take it's course  
Two years later 'Clef gets a divorce  
When I had the cold feet, I shouldn't've walked the altar  
With Dionne Warwick, she could predict my future  
Went with my feelings even though it wasn't right  
Creepin' with my secret lover in the middle of the night  
Back home, break of dawn, dinner's at the table  
Thin Line Between Love And Hate is on cable  
I'm lookin' at myself thinkin' out loud  
"I'm in love with two women, who is it gonna be now?"

Repeat chorus

Break: (includes elements from Rapper's Delight)

Hotel, (I'm not a) motel, Holiday Inn (you don't believe me though)  
And if your girl acts up at the carnival, then you take her friend  
Hotel, (I'm not a) motel, Holiday Inn (you don't believe me though)  
And if your girl acts up at the carnival, then you snatch her friend

Break it down right here

Verse 3:

One love, you're lucky to have one love  
It sounds bugged, drinking wine from the same jug  
One heart, one mind, one soul  
She ain't a gold digger, she don't care about your bank-roll  
Keep your money, she make her own cheddar  
All she want from me is respect like Aretha  
Cooked me lasagne, stayed in for the winter  
Chilled to the summer, now I'm gone 'til November  
Have you seen her?  
I think I did  
But what I did wrong was take a love for granted  
Cause first comes trust, don't rush into lust  
Easier said than done, I lust and I must  
Passion is a must, but then we start to cuss  
We was just makin' love, now we tearing up each other's guts  
Like species, she called me an animal  
So feel the tongue of the warm-blooded mammal

Repeat chorus

Outro:

I'm not a ho (repeat and diminuendo at the same time)  
(You don't believe me though)  
I know you're diggin' this  
Is it OK if I play my guitar right about now, is it alright?  
(You don't believe me though)  
Alright (you don't believe me though), alright  
People in the back, is it OK if I play my guitar right about now?  
Alright, alright, alright, alright  
People on the side, is it OK if I play my guitar right about now?
