The girl's well read  
Of pale white skin  
You cut your arms  
Baby, just to fit in

You say that you like to be on your own  
But it's calm right now and a long walk home  
You can't go on calling human hands  
But I'm here so you might as well have me, have me

Autonomy boy you're so naive  
With your heart on your sleeve  
And your long head of hair  
And I find it very rude that you didn't think I care  
Autonomy boy you got me making vows  
In the back of a cab on the way out of here  
And I find it very rude that you didn't think I care

Laced up, buttoned up  
Tie it up tight  
I like a man in uniform  
But that's not right

You say that you like to be on your own  
But it's calm right now and a long walk home  
You can't go on calling human hands  
But I'm here so you might as well have me, have me

Autonomy boy you're so naive  
With your heart on your sleeve  
And your long head of hair  
And I find it very rude that you didn't think I care  
Autonomy boy you got me making vows  
In the back of a cab on the way out of here  
And I find it very rude that you didn't think I care

Autonomy boy you're so naive  
With your heart on your sleeve  
And your long head of hair  
And I find it very rude that you didn't think I care  
Autonomy boy you got me making vows

In the back of a cab on the way out of here  
And I find it very rude that you didn't think I care
