Another weekend without makeup
another evening to myself
well, i guess that i won't be having the time of my life
tonight
where do you go when you've finished work?
you should have been home an hour ago
i've got your tea laid out like some kind of fifties
housewife

well i'll feed you, but i need you to make a little more
effort
i don't like giving you the third degree
i just want what's due to me...

there are wants and there are needs
and they're two very different things
you can love or be in love, again,
they're two very different things,
yes they're two very different things

i want to talk but you're much too tired
you've got a job but if you don't get fired soon
i'll be extremely surprised
where do you go when you've finished work
you should have been back about an hour ago
you've left me fashioning a double bed and acting
like some kind of fifties housewife

you and i, we're different
you and i, we're two very different things
but still i've got you, i've got you under my skin...
