"tonight she turned and walked away
never looked back with nothing to say
perhaps this was the end for us?
cause now she's gone, away for good
alone in the dark is where i stood
and all i know is that i missed the bus

flowers and candy it's all great
all the things that she did hate
i held her close every single night
so no more moments, which makes me mad
the sad thing is i know shes glad
truly loving her with all my might

[Chorus]

well back to no one once again
all alone and with no friend
is it me? i don't understand...
well back to no one once again
all alone and with no friend
just want a girl, someone to hold my hand

other fish are in the sea
wonderful girls i can't wait to meet
all i want is to find the one
no more games i need to play
no more being left astray
my time will come, but just another day

[Chorus]

my heart will be with her
in my eyes she's always smiling at me
i love it when i see her
in my eyes she's always smiling at me
i know i will be with her
not now, but in some time
i know this fact remains
cause i can't get this girl off my mind

[Chorus]

i just want a girl
someone to hold...
to hold..
yeah(3x)"
