Her Eyes Aglow The Darkness Itself

Behold the mistress of the underworld
An evil beauty, born from demon lord
Enchanting queen of the blackest choir
Tunrida, the evil one

As the cursed souls gather
From the planes of damnation
Sound of a thousands demons
Glorification, the rise of their queen

Gazing eyes in the darkness
Unmatched is the beauty of thine
Eyes of evil in a starlit sky
In everlasting wisdom shine

Behold the mistress of the underworld
An evil beauty, born from demon lord
Enchanting queen of the blackest choir
Tunrida, devils child

Serpentine, the most beautiful of beings
Dwelling in the plains of hell
Supreme demoness of the abyss
One that rules beyond grace

Tunrida
Your eyes aglow
The darkness itself
