[Verse 1: Twista]

Doin' Bad Aint Nobody In My Life

Imma Kill A Nigga Or Somebody Gone Murder Me Soon

Im A Hope Feind, I Need A Woman In My Life Could You
Take Me To The Emergency Room?

I Need Somebody That Can Nurse Me Back To Health

Cuz Of My? Sick Shakin Like Hookay

You Took Me Up Out Of The Hoopty

Put Me In The Lex 300 And Got Me Blowin On Dooky

Now Why Do I Respect Her?

Cuz She Down For A Niggah Before I Was Rollin' City To
City

She Got Me Screamin Out "Yes Sir!" Like A Pretty Ricky
Lookin' Freaky Freaky While Im Smokin On The Sticky
Icky

When Im Down And Out

You Be Rubbin My Back Because I Miss You

You Know I Got Issues

When I'm Ridin' Dirty And I Got The Thumper And The
Law Pull Me Over You Will Hold My Pistol

Sick Of How The Women Follow Me

You Trama Me In The Pharmacy Of Love

Body Be Right I Wanna Hit You
You Like A Veteran When I Need Some Medicine You
Better Than Exedrin
When Fellas In Trouble They Wanna Get You
I Thought I Knew What Real Love Was Til I Met You
I'm Reminiscing On The Love We Had
Imma Stay Sick Forever I Hope I Never Get Well Cuz You
Got Me In A Love Rehab

[Chorus: R.Kelly]

Sitting Here In Love Rehab
Im So Crazy About You Dear
Doctor Of My Soul
I Will Never Check Out Of Here
Filled My Prescription When I Came To You And Needed
Peace
You Took Me In And Give Me Joy And Girl Now Im Free
You Were My Circle When I Needed To Talk You Had My
Back
You're My Homie We Go Back
Thank You For Your Love Rehab

[Verse 2: R.Kelly]

So Many Problems, So Many People
So Many Decisions, So Many Roads That I Have To
Choose (Yeah)
But Still I Roll The Dice And Pray That I Dont Lose
There Were Times That I Got Weak, Fell, Short And
Couldnt Go On And She Came Through
So Many Friends, So Many Liars
So Many Haters, Some Times I Just Dont Know Who To
Trust
But Yet Still I Turn The Wheel Of Life And Try My Luck
There Was A Time When I Was Broke Didnt Have A Job
And This Woman She Showed Me Love
Since We 1st Met I Been Risin' Like A Escalator
Now 5 Years Later We Have Come Up Like A Elevator
You Made Me Better Babe (Oooh)
When I Thought I Was Goin' Crazy (Oooh)
Was Just About To Lose My Mind And You Put Me In Your
Love Rehab

[Chorus: R.Kelly]

Sittin Here In Love Rehab
Im So Crazy About U Dear
Doctor Of My Soul
I Will Never Check Out Of Here
Filled My Prescription When I Came To You And Needed
Peace
You Took Me In And Gave Me Joy And Girl Now Im Free

Back
You're My Homie We Go Back
Thank You For Your Love Rehab

[Verse 3: Twista]

Imma Spit That Love Flow
Forget What They All Say
She The Only One That Help Me
Hit Her With A Little Bit Of 12 Play
When The Twista Wasnt Proper Sippin Flocka
I Could Remember Tellin The Love Doctor I Need Some
Help
Through The Fire Like Im Chaka
Love It Everytime I Rock Her
Cock A Pistol When I Gotta Go Bleed To Death
My Surgery And My Methadone
The Only One I Talk To When Im Left Alone
You The One That Help Me Fight Thru My Challenges
Tell Me Whats My Psycho Analysis
I Thought I Knew What Real Love Was Til I Met You
I'm Reminisclin' On The Love We Had
Imma Stay Sick Forever Hope I Never Get Well Cuz You
Got Me In A Love Rehab

[Chorus: R.Kelly]

Sittin Here In Love Rehab
