Kick it, gee

Let the Cavalier Tung kiss ya, it's the Mista Tung Twista
Pumpin a rhythm, a lyrical styler

My tongue'll be flingin a funky pile of

Lyrical rhymes that's breakin em off in the mind, I be
flowin em holy, I'm

Kickin the funky Islam, my lyricals slippin em like
petroleum, slowly I'm

Pumpin the flow of the lyric, I'm breakin em off with the
radical texture

I'm one brother you could never get next ta

Flex your style, I'm gonna give em a lyrical pump of the
rhythm of Cav

And crackin em up with the word of the wise

I be bringin em up in the flow of the funky dialect

I elect a flow for suckers that try a wreck

I spark the light of a head and be wakin em up and then
cause a fly effect

I insist ya lay with the path of my rhythm and follow me
like a scripture

Flowin this from my lung, a tongue twister

Mista, my style'll be makin a dent and be leavin the
tracks bent

Steppin is the lyrical black gent, my Nubian accent

Breakin em up and then makin em take in the smell of
my funk I be kickin up in em

And then I'ma give em a lick of my lyrical lollypop, I'm
gonna bring em into my doctrine

Rock, then the rhythm'll makin the clock spin
backwards

The funk of the rhythm'll snap, crackle and pop, then
flow, oh

I'm makin em follow the path of a God and my track'll
be blacker than Cocoa

This lyric I'm makin is dope, don't call it so-so
Don't dis the Tung Twista
Leavin the suckers soft as a whisper, Tung kiss ya like
a sister
Then I'ma let it be known that it's the way that I throw
That's makin the funk of the lyrical glow
And how I tell it, yo Cav is kickin a funkadelic flow, and
oh, my fist'll
Swing at the rhythm of suckers, then I'm gonna give
em a Tung blister

Never to step at the lyrical dictator, a state of
Shock is what I put a sucker into, then to mentally
Go with the smell I be stylin, gee, funky is what the
scent'll be
