

## Tupac Shakur "Sleep"

Visit "[Sleep](#)" on MotoLyrics.com

Quit starin' at me like a infa red nigga

Don't fall to sleep  
You can get ya cash on nigga if ya peep  
Other niggaz close they eyes seein' dreams in they  
sleep  
But don't fall asleep

Don't fall to sleep  
You can get ya cash on

Pictures of penny, sippin' my glass full of henny  
Hands on my semi-automatic kill for pennies  
Approach for contact 'cause I'm live I multiply  
Soon as I open fire niggaz die wit' open eyes

Scare to take a nap, it's a trap a long maze  
Dreamin' of gettin' stacks, makin' scratch the wrong  
way  
What the song say we murder motherfuckers daily  
Black out blow the crack out, my lyrics neva fail me

I inhale strong weed then release the stress  
Deliver the bomb shit from the east to west  
Like yay-yo niggaz pull out when I say so  
Commence to poppin' motherfuckers copy it fatal

'Ficiently I delete then flee  
The art of war  
Livin' sucka free, get wit' me  
Motherfucker don't sleep

Don't go to sleep  
You can get ya cash on nigga if ya peep  
Other niggaz close they eyes seein' dreams in they  
sleep  
But don't fall asleep

Don't go to sleep  
You can get ya cash on nigga if ya peep  
Other niggaz close they eyes seein' dreams in they  
sleep

But don't fall asleep

I'm starin' thru my rear view doin' 'bout 90  
The petal to the metal so I can see what's behind me  
Buckle up your seat belt eyes on the road  
They know we ridin' dirty gotta play it how it go

They close down the projects the clubs been closed  
And then they wonder why niggaz breakin' down O's  
I'm a run away slave, ya get it nigga off the chain  
I got that thug life shit runnin' thru my viens

And now they scare, they know that I been heaven sent  
And yeah we know the dope comin' from the president  
But look at us, we ain't got shit to lose  
Feel like we ballin' if we got a new pair of tennis shoes

In the ghetto or better yet home sweet home  
This is the land of the free but to me that's wrong  
I'm on my way to the White House strapped wit' my  
heat  
So don't fall asleep, come on niggaz

Don't go to sleep  
You can get ya cash on nigga if ya peep  
Other niggaz close they eyes seein' dreams in they  
sleep  
But don't fall asleep

Don't go to sleep  
You can get ya cash on nigga if ya peep  
Other niggaz close they eyes seein' dreams in they  
sleep  
But don't fall asleep

They say that the moe they hate ya the moe that it  
motivate ya  
My mind set on grind my mental set on the paper  
62 hours and countin' and I'm still awake  
And they slippin' me sleepin' pills wit' the will I break

Broke nigga always tellin' ya how to make ya cash  
adjust  
So I just stop listenin' and now my cash is up  
Red dotted the media 'cause they always mad at us  
I don't see 'em tryin' to mediate when we get gats and  
bust

They just instigate and as soon as the get the tape  
It's dropped from my nigga life just as soon as they get  
the case

Personally I ain't trippin' on all this rappin' stuff  
I'm takin' back my money counter 'cause it wasn't fast  
enough, yep

I got a couple problems and none of 'em is money  
Just those that love me to pretend to love me and say  
they buddies  
Sometimes I want to maneuver with the ruger  
To live like Freddie Krueger these nightmares just ain't  
as buddy

In meetings they always askin' what my passion is  
And money talks so I always have words to answer this  
I can't relax 'cause it's like I'm a fetti activist  
Might see me on TV never a mattress

Don't go to sleep  
You can get ya cash on nigga if ya peep  
Other niggaz close they eyes seein' dreams in they  
sleep  
But don't fall asleep

Don't go to sleep  
You can get ya cash on nigga if ya peep  
Other niggaz close they eyes seein' dreams in they  
sleep  
But don't fall asleep

Don't go to sleep  
You can get ya cash on nigga if ya peep  
Other niggaz close they eyes seein' dreams in they  
sleep  
But don't fall asleep

Don't go to sleep  
You can get ya cash on nigga if ya peep  
Other niggaz close they eyes seein' dreams in they  
sleep  
But don't fall asleep
