I must stay safe,  
Phone calls been traced,  
Keep away from windows,  
I know what no one else knows,  
Keep up my guard,  
It's not so hard,  
I'm used to beng followed,  
Just take another hit, and relax.

We just take the pain away,  
We don't even try,  
I've been denied my whole life,  
We just take the pain away,  
This my holiday.

Been up all night,  
Waiting for the headlights,  
To shine into my window,  
You see I know what no one else knows,  
Try to be brave,  
It's my own neck I gotta save,  
And, now i hear them knocking,  
Just take another hit, and relax.

We just take the pain away,  
We don't even try,  
I've been denied my whole life,  
We just take the pain away,  
This my holiday.

Chaos never felt so good. (x4)
