Would you look at that smile on her face  
She's the center of attention in this room  
I'm the one who's feelin' out of place  
How could she be over me so soon

[Chorus]

Couldn't she be a little lonlier than this  
Ain't there somethin' about me she could miss  
Why does she have to be so happy without me  
Couldn't she be a little lonlier than this

I used to be the one she looked up to  
Since I let her down she looks the other way  
She's already warming up to someone new  
And turning her back on yesterday

[Chorus]

Couldn't she be a little lonlier than this  
Ain't there somethin' about me she could miss  
Why does she have to be so happy without me  
Couldn't she be a little lonlier than this

Why does she have to be so happy without me  
Couldn't she be a little lonlier than this
