When I'm walking down the street
You never know who you might meet
Could be a green cucumber
Could be a guy cutting lumber
In the night I'm so afraid
Of monsters coming from the grave
Big and tall and wet and slimey
They made me cream my big vaginey

Big green monsters
Big green monsters (Give it up for)
Big green monsters
Big green monsters (Sing it Kain)

When I'm walking down the street
You never know who you might meet
Could be a big green cucumber
Could be a guy cutting lumber
Late at night I'm so afraid
Of monsters coming from the grave
Big and green and wet and slimey
Makes me scream I need my mommy

Big green monsters
Big green monsters (Gonna get ya)
Big green monsters
Big green monsters

green monsters underneath your bed
green monsters will explode your head
They hide behind your closet doors
Cause it's supper they've been waiting for
Be careful not to close your eyes
Cause monsters really aren't nice guys
They've got pie behind your back
They'll have you for a midnight snack

Big green monsters
Big green monsters (Gonna get ya)
Big green monsters
Big green monsters

Here they come
Those big green monsters are gonna get you
