"Dying"

Visit "[Dying](#)" on MotoLyrics.com

dying just for a while
dying just for a while
it's not only what you do
but also what you do not do
for what you are ?we'll con the war?
dying just for a while
dying just for a while
i turn and spin now everyday
in a most uncitely way
?things they do are contradiction?
dying just for a while
dying just for a while
living society is all the same
you need roger to play the game
of all the little things you couldn't give a shit
dying just for a while
dying just for a while
tell me is you mind still living
with the drugs of your ?madness?
or death or existence
in the state of the future
whooaa whooaa
dying just for a while
dying just for a while
we have to eat and we have to live
existence is not time to wed?
and you at the alter can go to it?
ay ay ay ay
ay
