Fuck religion preachers are whores  
Fuck religion theyre not just stupid bores  
Theyll cut off your balls and roast them on the altar  
Theyll feed you baby Jesus sautÃ©ed in holy water  
Theyll do anything for money theyll do anything for power  
Theyll turn this world into a living hell is this the final hour  
Fuck religion destroy the church today  
Fuck religion Godll thank you someday  
Its not too long before America is just another Iran  
With Ayatollah Falwell holding Reagans evil hand  
First theyll kill the niggers and queers then theyll come for you  
If you dont believe it remember Hitler was a Christian too  
Fuck religion its poisoning our world  
Fuck religion before we all get screwed  
Moslems Catholics Hindus and Jews theyre all superstitious creeps  
Whose lives are built on hate and fear theyre all such worthless geeks  
If theres a God in heaven hed have to be ashamed  
Of the lies and hate and murder practiced in his name  
Fuck religion fuck religion fuck religion
