Sonny boy is growing up left behind his GI Joe  
In the bathroom throwing up hung over from the punk  
rock show  
Hes got a real bad attitude he always comes home late  
He swears and burps and acts so rude  
Why doesnt he cooperate?  
Why must they grow?  
Why cant they stay the same?  
How could I have raised that stupid bum?  
I am so ashamed  
He drinks and smokes and lies to me he comes home  
late every night  
He tells me not to make a fuss then he goes out and  
starts a fight  
He said he did not know about the pot under his bed  
I really hate to say it but sometimes I wish that boy was  
dead  
Why must they grow
