People think I do drugs, but I don't even smoke pot  
I still get asked for it a lot

I can't get anywhere on time  
I got a lot of things on my mind

I walked into a class late and the teacher, man she was  
Irate  
She said "Where's your paper?" And I said "what  
paper?"  
Then I started thinking about how the Chinese invented  
paper money  
I got ADD Honey,

Chorus  
ADD, It gets the best of me, ADD  
Do you know what I got?  
Do you know what I got?  
ADD, Always messed with me, ADD  
Do you know what I got?  
Do you know what I got?

I was out on a hot date but I couldn't keep my thoughts  
straight..oh great  
She said something about working with animals  
And I started thinking about cannibals that ate  
Magellan while he was trying to circumnavigate the  
globe

Repeat Chorus

Now you might think, it's over diagnosed  
I agree. Man that squirrel is getting close  
Look at him, he's like bathing himself or something  
How come you never see chipmunks around or nothin?

Repeat Chorus  
Awww yeah, ADD, it gets the best of me, ADD  
Do you know what I got Baby, ADD  
Always messed with me, ADD  
It gets the best of me!
