Dr. Please
Can I have some more
Some more of these
Until I hit the floor
One to get up and two to get DOWN
Down, down, down, down

In love with a feeling
I can't forget
Let's stay in bed
Don't get up yet
We can do nothing
Nothing bring us DOWN
Down, down, down, down

It helps me forgive
It lets me forget
Better than anyone
I've ever met
The answer lies on the tip of my tongue
Dr. Please, Won't you give me some

Swallow your problems
The cure's for sale
Swallow your problems
The cure's for sale
Swallow your problems

We're brave in the new world
Look how happy we are
We can be forever
We can be a star
Close your eyes girl
Tell me what you see
We can be forever
Just you and me

Dr. Please
Can I have some more
Some more of these
Until I hit the floor

One to get up and two to get DOWN
Down, down, down, down

Swallow your problems
The cure's for sale
Swallow your problems
The cure's for sale
Swallow your problems
The cure's for sale
Swallow your problems
