Let's go  
Alright

Hey, punkettes look at me  
I master eternity  
Gonna make you scream out loud  
Get the fuck off of my cloud

Alright, I'm in complete control  
Now heads are gonna roll  
I see you turning bald  
I'll never grow old

I will never die  
I will never die  
I will never die

Come join me for a ride  
There's no use to make reply  
You can't kill what does not live  
I'll make you suffer by my will

Alright, I'm in complete control  
Now heads are gonna roll  
I see you turning bald  
I'll never grow old

I will never die  
I will never die  
I will never die

I'm a total mastermind  
Don't wanna hear you whine  
Brain of gold A heart of stone  
And you're a pussy Long, long gone

C'mon, I'm in complete control  
Now heads are gonna roll  
I see you turning bald  
I'll never grow old

I will never die

I will never die  
I will never die

I will never die  
I will never die  
I will never die

Swallow broken glass  
TNT up my ass  
Steal a mobster's cash  
Smoke twenty tons of hash

I will never die
