You tried with aggravation
You tried manipulation
And now I feel the tensions rise
You tried to fuck me over
Taking me for a push over
But now I see through all your lies

I don't even care for you
And these things you say
The time has come
For you to pay

I want you to understand
I'm really a peaceful man
But when I fight
I fight till death, yeah

You get your satisfaction
From your little treacherous actions
I'll be there when you draw
Your last breath

I don't care for you
And the things you say
The time has come
For you to pay

'Cause I don't care about it
If it costs my head, I'm gonna see you dead
'Cause I don't care about it
If it costs my head, I'm gonna see you dead

Always eager to pretend
You and I were the best of friends
Meanwhile you stab me in the back
I'm a man that will not bend
To the fuckers that you send
I know this all will end in blood

I don't care for you
And the things you say
The time has come

For you to pay

I don't care what you do
Or the things you say
The time has come
For you to pay

'Cause I don't care about it
If it costs my head, I'm gonna see you dead
No, I don't care about it
If it costs my head, I'm gonna see you dead

No, I don't care about you
I don't care about you, I don't care about you
No, I don't care about you
I don't care about you, I don't care about you

No, I don't care
