Come on

I ain't no architect, ain't got the intellect
I gotta get away, my time will fade away
I'm gonna spend it in the dust
Yes it's true, I got a selfdestructo bust

I ain't no fireman, I lost it in the can
I gotta get away, my time will fade away
I'm gonna spend it in the dust
Yes it's true, I got a selfdestructo bust

I got a steel machine, I got a mongo's dream
I gotta get away, my time will fade away
I'm gonna spend it in the dust
Yes, it's true, I got a selfdestructo bust

I gotta get away, my time will fade away
I'm gonna spend it in the dust
Yes, it's true, I got a selfdestructo bust
Yes, it's true, ain't gonna ride that yellow bus
Yes, it's true, I got a selfdestructo bust
Selfdestructo, selfdestructo bust
