Doo o do o o o
Doo o do o o o
Doo o do o o o
Nothing but trouble x2

Here comes Jenny with Danny from down the street, oh
yeah
She says she's in love but she falls for every boy she
meets, mmmm
She says he's smart, couldn't be kinder too, yeah hey
I think he's crazy, I don't think she knows what to do,
yeah

(Bridge)
Boys are why's, they're ifs and they're maybes
They think they're so big
But they're just big babies

(Chorus)
Boys, the trouble with
Boys, the troubles with, boys
They're nothing but trouble
Boys, the trouble with
Boys, the troubles with, boys
They're nothing but trouble

They'll make you think they've got a halo above them
But boys are trouble
Trouble is I love them

They tell you that they love ya
Its easy come and easy go, oh yeah
They pretend they need ya
They tell you what they think you wanna know, hey
They can say what they want
We'll always tell 'em:
Can't live with them
Can't live without them

(Chorus)
Boys, the trouble with

Boys, the troubles with, boys
They're nothing but trouble
Boys, the trouble with
Boys, the troubles with, boys
They're nothing but trouble

They say how well
That you can read their mind
They said they loved ya
They left you behind

I used to lie in bed
And cry myself to sleep
He made me promises that
That he'd never keep

Doo o do o o o
Doo o do o o o
Doo o do o o o
Nothing but trouble (x 3)

(Chorus)
Boys, the trouble with
Boys, the troubles with, boys
They're nothing but trouble
Boys, the trouble with
Boys, the troubles with, boys
They're nothing but trouble (x2)
