The paraffin, for the fire  
let there money burn, with our dream  
Oh so cynically I retire  
Cos I'm not running around, running around again

I know it's too late,  
I know you will miss me one day  
I know it's too late,  
I know  
I know it's too late,  
I know you will miss me one day  
I know it's too late,  
I know you will miss me one day  
One day

So throw our fate into the flames,  
Memories just weigh you down  
You're a liar, yes you are,  
Cos in the day your just a match, but in the dark a star

I know it's too late,  
I know you will miss me one day  
I know it's too late,  
I know  
I know it's too late,  
I know you will miss me one day  
I know it's too late,  
I know you will miss me one day  
One day, you will miss me

(yet another epic solo)

Sometimes i feel like laughing  
Sometimes i feel like crying  
Sometimes i feel like laughing  
Sometimes i feel like crying

I know it's too late,  
I know you will miss me one day  
I know it's too late,  
I know  
I know it's too late,

I know you will miss me one day  
I know it's too late,  
I know you will miss me one day  
One day, you're gonna miss me
