Life isn't always easy
This we know my friends
I thought you knew where to go
But you were following me

So let's get lost in space
I feel this place, I'm stuck in the rat race
It's a lovely day to lose your way
And get stuck in the loop

Over and over again
You could never make it stop
Over and over again
You could never make it stop

Over and over again
You could never make it stop
Over and over again
You could never make it stop

My old bones stroll along
Railway track is oh so long
Stem the tide, the nine to five
Slowly eating me alive

But all night long, carry on
We're stumbling slowly
To a lovely day to lose your way
And get stuck in the loop

Over and over again
You could never make it stop
Over and over again
You could never make it stop

Over and over again
You could never make it stop
Over and over again
You could never make it

You could never make it
You could never make it

You could never make it stop
