Help me I don't know what I'm doin
Help me before I fall to ruin
And if I'm blind, I will lead you on
Come follow me now, before our time is gone

Chorus

And as you're laughing at this fool tonight
Let me rid myself of any line that I might use to trip you
up
And as I'm howling at the moonlight, don't you kid
yourself
I will be your luck and never your curse

Help me I don't know what I'm saying
Sometimes this tongue can be betraying
And if I'm wrong, is that such a crime?
And if you want, you can set my words to right

Chorus

And as you're laughing at this fool tonight
Let me rid myself of any line that I might use to trip you
up
And as I'm howling at the moonlight, don't you kid
yourself
I will be your luck

And if your eyes forget to well
And if your lies forget to tell
And if our paths forget to cross
It doesn't mean you're lost

Chorus

So as you're laughing at this fool tonight
Let me rid myself of any line that I might use to trip you
up
And as I'm howling at the moonlight, don't you kid
yourself
I will be your luck

If you're laughing at this fool tonight
Let me rid myself of any line that I might use to trip you
up

And as I'm howling at the moonlight, don't you kid
yourself
I will be your luck
Cause even at my worst
I will be your luck
Never be your curse
