(Harris Descy Burton)

This has happened many times before

You want me and I want more

I don't know what you're looking for

But I been looking at a different girl

Don't you see what your love has done?

You take away all my fun and thrill

Girl I've had my fill of you

So why don't you go to that boy that you know so well?

He's smart and he's strong and he's oh so swell

Just go now before you catch my hell

Don't you see what your love has done?

You take away all the fun of you? What can I do?

[solo]

Now you're calling me every day

You never got anything to say

Out with your friends smoking a j

There's gotta be a better way

Don't you see what your love has done?

You take away all the fun of you

Black Sugar You

Black Sugar You

Black Sugar You

I said Black Sugar You
