You are the perfect one in my life

You make me happy, so very happy

Don't you know, don't you know?

Oh I like it, I like it

Oh I like it, I like it

From the first day that we met

I was into you

Couldn't get you out of my mind

Everytime I close my eyes it's like deja vu

Seems I've kissed your lips a thousand times

And when I'm feeling up on your skin so smooth

So many things that I'd like to do

You're the only one who has gotten through

To the love that's inside and it feels so right

CHORUS:

Oh I like it

All the things you do, boy

I like it when I'm close to you

I like it having someone special

I like it when that one is you

Don't you know it's true we were meant to be

Never felt like this before

Let the world revolve around you and me

Every day I want you more

And when I'm feeling up on your skin so smooth

So many things I know I'd like to do

You're the only one who has gotten through

To the love that's inside and it feels so right

CHORUS

Do you like it

When I'm holding your hand

Do you like it?

When I'm looking at you

Do you like it?

When I say you're my man

Do you like it?

The way I do

Really really love when you're holding

Really really love when you're kissing me

I thinking of things maybe we could do

Oh I like it

Mmm yeah I like it

I like, I like it, oh I like it

All the things you do, boy I like it

When I'm close to you

I like it

Having someone special

I like it

When that one is you

REPEAT AND FADE
