Last night I saw you the first time

Since we broke up

I tell you baby it all came back to me

When I looked into your eyes

There was something more

That I never really noticed before

Could it be

That in long

And I was so wrong

When I realized

And turned around that you were gone

Chorus:

If I say I want you back

Would you turn around and say you want me too

Cuz I say I want you back

This time I really mean it

There's so much I wanna tell you

I've changed so few

But I don't know what to say or do

We grew apart but I still want you in my heart

I believe it's to make a new start

Could it be

That in long

And I was so wrong

When I realized

And turned around that you were gone

(Chorus)

If I say

I want you

Want you back

Will you turn and walk away from me

If I say

I want you back with me

Believe

(Chorus)

Chorus 2:

And if I say

I want you back

And if you say

You want me too

(repeat 5x
