Let me be

Let me be

Baby let me be the only one [x2]

Let me be the one

You give your love to (the only one) [x2]

I hear your records on the radio

I see you talking on the late, late show

Every girl wants to be your friend

Don't you know you're always on my mind?

How I missed you since you hit the big time...

You hurt me

I just can't pretend

We used to be together

Making dreams

Making plans (ahh)

You left that world behind

Now I'm asking you....wont you?

CHORUS

Let me be the one (let me be)

You give your love to (won't you be baby)

Let me be the one (let me be)

You give your love to (the one that gives you love and
oh oh oh)

I see the sadness in your eyes

Don't you get lonely for me, sometimes?

Lonely for...the love that we had

I'll be waiting when the day he comes

Need somebody

Won't you let me be the one?

Come to me

Put yourself in my hands

Ohhh

We used to be together

Making dreams

We can play (ahh)

You left that world behind

Now I'm asking you....won't you?

CHORUS

We used to be together

Making dreams

We can play (ahh)

You left that world behind

Now I'm asking you....won't you?

CHORUS [x2]

Let me be

Let me be

Baby let me be the only one

Let me be the one [x2
