Here we are now face to face

Gonna make it very clear

'Cause I don't have time to waste

If your heart is insincere

Tonight is gonna be the night

Tell ya how its gonna be

Gonna give my love to you

If you give it back to me

That's the way I planned it

That's our destiny

It only takes a minute to come and go with me

Ain't no doubt about it

I'm so into you

Tell you just what I'm gonna do

Chorus

Hit you with my love shot

Tell me can ya handle this or is it too hot?

Only gonna take one kiss to show what I've got

Cuz' I won't stop

With my love shot

oh yeah

I don't care what you did before

cuz' now it's a brand new game

I'm everything you're searchin' for

And you'll never be the same

Real love is what I'm all about

Don't ya know that I play full key?

So if you wanna treat me right...then you'll get the best
for me

There's no way to fight it

There's no where to hide

No words to explain what I'm feeling deep inside

Take you on a journey

Sure to satisfy

Baby come along for the ride

Chorus

Bridge

I'm here for you

You're here for me

And this is how it's meant to be

You can't deny it

I'll take you up

I'll take you down

I'll show you what real love's about

C'mon and try it

Thats the way I planned it

That's our destiny

It only takes a minute to come and go with me

Ain't no doubt about it

I'm so into you

Tell you just what I'm gonna do

Chorus x2

Bridge x1

Chorus x2

Hit you with my love shot
