i don't wanna go all the way alone

baby won't you walk with me home

baby won't you take my hand

come with me now to a special land

baby won't you walk with me home

3 A.M.

you're on my mind once again

i must have been dreaming

thought i felt your heartbeat just then

and i wonder how it would be

i was your lady

and you were my friend

i would put my heart in your hand and it would never  
end

CHORUS

baby won't you walk with me home (walk me home)

i don't wanna go all the way alone (all alone)

baby won't you walk with me me home

baby won't you take my hand (take my hand)

come with me now to a special land (ohh)

baby won't you walk with me home

ohh

la la la la la la la la

i hold your picture

next to my heart all the time

ohh yea baby

you're my dream come true

so then you're mine?

and i wonder how it would be

if i was your lady

and you were my friend

i would put my heart in your hand

and it would never end

CHORUS

everyday and night i wanna hold you

understand i am going to love you

in my own special way (in my own special way)

CHORUS x2

ohh

won't you walk with me home
