last night i saw u for the first time

since we broke up

i tell u baby it all came back to me

when i looked in to your eyes there was

somehthign more that i never really noticed before

could it be

bridge

that all along

i was all roln

when i realised and turned

around u were gone

chorus

if i say i want u back

would u turn around say u want me to

coz i say i want u back this time i really mean it

theres so much i wanna tell u

ive changed so have u

but i dont no what to say or do

we agree apart but i still want u in my heart

now i believe

its time to make a new start

could it be

bridge

chorus

if i say i want u want u back

will u turn and walk away from me

if i say i want u back with me believ if i say i want u

back would u

turn around and say u want me to

coz if i say i want u back this time i really mean it

x 6 if i say i want u back and if u say u want me to
