Prosecutors don't lie they don't lie  
They might lose their job if they don't fight with brave  
'Cause what they do the best is to give the nigga some

Even that they are brave they rise hand and tell the  
truth  
But the whole truth gotta come out  
The real truth is nothing but the truth nigga

Gotta keep my cause up and go up with a fight

My own nigga gave a tip but the nigga told a lie  
Guess he really was in my homey  
Nigga is switched signs on me with the cough suited up  
Only stay testify on me  
Ah aha couldn't believe this hit  
But it wasn't no dream it was really as a gimp  
All I want I will dealing wall street  
Shield it new battle shield and now listen to my shit  
Hold yea make a sound phase pussy girl  
I learnt from experience won't happen no more no  
I'm in trouble nigga wake on the brick  
To read delivery and rake a sound by me  
(what they're doing, what they do?)  
I'm wondering what the fuck is going on  
Battle fuck they're taking so low  
They came back get a paper to the bale  
Grain a devil to the John this is what we brand oh.
