There's a time for love and a time for healing

can't go back and undo what's been done

The word about time is revealing

just how far we've left this kingdom come

Hey hey we're finding our way

and today is just tommorrow's yesterday

some will die for you, some will lie to you

there's all kinds of people in this world

Turn the world around, tear the borders down

there's all kinds of people in this world...yeahhh

Kiss of life and the hand of fate

boy grow's up into his father's son

and he loves to love, been taught to hate

to carry on the way it had been done

All that lasts is destiny and

maybe someday we can put the cast away

some will die for you, some will lie to you

there's all kinds of people in this world

Turn the world around, tear the borders down

there's all kinds of people in this world...yeah

some will die for you, some will lie to you
there's all kinds of people in this world
Put your fear away, find a better way
there's all kinds of people in this world...yeahhh
Underneath a broken sky
love can heal when it's sad
in a moment, things can change
one look behind and it's never the same
some will die for you, some will lie to you
there's all kinds of people in this world yeah
Turn the world around, tear the borders down
there's all kinds of people in this world
some will die for you, some will lie to you
there's all kinds of people in this world
Put your fear away, find a better way
there's all kinds of people in this world...yeahhh
Underneath a broken sky...
in a moment, things can change....never the same
