Samson and Delilah they made it known
That a man is weak for a woman's thrown
Use your powers like Delilah
Even Samson couldn't deny Delilah's power

You know god made man all muscles and strength
But what he gave to woman no man can resist
Use your powers like Delilah
Even Samson couldn't deny Delilah's power
Yeah, I'm talkin' about

Delilah's power, Delilah's power
Delilah's power, Delilah's power
Use your powers like Delilah
Even Samson couldn't deny Delilah's power

King of the jungle, the lion he roars
But the lioness calmly soothes his soul
Use your powers like Delilah
Even Samson couldn't deny Delilah's power
I'm talkin' about

Delilah's power, I said Delilah's power...

Think you can do without a woman well I don't think you
can
'Cause in every land there's a woman for every man
Use your powers like Delilah
Even Samson couldn't deny Delilah's power
I'm talkin' about

Delilah's power, say Delilah's power...
