I made a resolution  
and I plan to keep my word  
But I need you to make it work  
You've gotta read the message  
and understand what's on my mind  
'cause not to see would be a crime  
We could loose it any time

[chorus:]

We've gotta show some respect  
We've gotta learn to protect  
Don't take it for granted, I know  
that if we want to stay close  
we've gotta show some respect  
Well I believe in working  
but I believe in a little help  
'cause I'm not a lot unto myself  
You got a thing of value  
Why settle for second best?  
We don't know what's up ahead  
We can't let ourselves forget

[chorus]

for the things that I love about you

for the woman that you see inside

Don't let it walk out the door

Love follows every time

A little respect

for the things that I love about you

and for the woman you see inside

[chorus
