Vocals by Alanis Morissette, Music by Leslie Morgan

What did you think I'd be doing now
While you left me, I was thinking aloud
Would there be no end to my sorrow
Will I make it through tomorrow

Chorus:

Let the autumn leaves fall
The chilly raindrops freeze
The white snow melts
I'll just sail on those seas
Fate, fate, fate stay with me
I wanna be, wanna be, wanna be free
Fate, fate, fate stay with me
I wanna be, wanna be, wanna be free

That wouldn't be any fun
I'd rather be lying on the sun
Together alone with you
Beneath the sky of blue

Repeat Chorus

Tell me! Tell me!
Will my light be blown out crying
Baby! Baby!
I feel as though I'm dying

Fate, Fate, Fate

Repeat chorus into fade
