you were full and fully capable
you were self sufficient and needless
your house was fully decorated in that sense

you were taken with me to a point
a case of careful what you wish for
but what you knew was enough to begin

and so you called and courted fiercely
so you reached out, entirely fearless
and yet you knew of reservation and how it serves

and I salute you for your courage
and I applaud your perseverance
and I embrace you for your faith in the face of
adversarial forces
that I represent

so you were in but not entirely
you were up for this but not totally
you knew how arms length-ing can maintain doubt

and so you fell and you're intact
so you dove in and you're still breathing
so you jumped and you're still flying if not shocked

and I support you in your trusting
and I commend you for your wisdom
and I'm amazed by your surrender in the face of
threatening forces
that I represent

you found creative ways to distance
you hid away from much through humor
your choice of armor was your intellect

and so you felt and you're still here
and so you died and you're still standing
and so you softened and you're still safely in command

self protection was in times of true danger

your best defense to mistrust and be wary
surrendering a feat of unequalled measure
and I'm thrilled to let you in
overjoyed to be let in in kind
