Music and Lyrics by Alanis, Leslie Howe, & Serge Cote

Standing there on a road that leads to anywhere
Like a child left in the wilderness, standing there
penniless
Wanting to be the best

Here's a place where life runs at a different pace
Where love is just convenient, none are obedient
And we are subservient

Look at me, I'm a girl that some may preconceive
Why do they try and generalize, why are they
antagonizing me
But something I can't control that...

Chorus:

I WANTCHA

You know I'll never stop 'til I've GOTCHA
You'll never be quite the same when I ROCK YA
I'm not the kind of girl that you thought I was
You'll have a good time 'cause I WANTCHA
I'm breaking down the walls 'till I have you, feel you
Show you the time of your life

Here we are and I wonder how we've come this far
In a world that does not recognize women are
victimized
What does that symbolize

Why do I want the things I usually criticize
It may be self destructiveness, or maybe it's emptiness
inside
But something I can't control that...

Repeat Chorus

You'll have a good time...
It's a lonely road, and no one knows the way that I feel
I'm not giving up now... I'll never try to justify
They'll never understand, you'll be a happy man

You'll have the time of your life

It's something, it's something, it's something that I
can't control
The time of your life...

(repeat)
