Well I know that you're not good for me
All my friends say that you're bad news
They think you should stay away from me
I'm just crazy and you're no good

Well I don't care what they say
I don't care how you spend your days
I don't care....
Cuz tonight I'll be with you

La, La, La, La, La, La, La
La, La, La, La, La, La, La, La,
La, La, La, La, La, La, La,
La, La, La, La, La, La

So you took me to the cinema
And you took me to the drag race
Yeah, you crashed that night in '54
And our love went up in red flames

You're as bright as a star
I don't care that you broke my heart
I don't care.....
Cuz that night I was with you

La, La's

You're as bright as a star
I don't care that you broke my heart
I don't care.....
Cuz that night I was with you
