bass

Well I'm learnin'

how to love you.

Yes I'm learnin'

how to love you

in my own,

in my own

special way.

I been bad to you,

baby, you know it.

I been bad to you,

baby, don't you know it,

and sometimes

you just can't help but show it.

But I'm learnin', learnin'

how to love you.

Well I'm learnin', learning

how to love you

in-a my own,

in my own

special way.

Day by day,

bit by bit.

Day by day,

a-bit by bit,

day by day

in my own,

in-a my own

special way.

It takes a little time

to get around

to doin' it my way.

I'm gettin' around to it,

bit by bit,

in my own way.

Day by day,
a-bit by bit,
a-bit by bit by bit by bit by bit by bit by day by day
in my own,
in my own
special way.

Day by day,
a-day by day, yeah, yeah baby,
a-bit by bit by bit by bit by bit by bit by bit day by day
in my own,
in my own special way.

Baby,
come on babe,
come on babe,
hey yeah, right now,
every every every every every day, yeah
in-a my own,
in-a my own,
in-a my own way, yeah.
Come on babe,
[come on babe].
