(Van Morrison)

We've got to put our heads together

I'm sure that we can work it out

I'm weighin' up the situation

And checkin' it out

Takin' it further

Takin' it further

Checkin' it out

This is a workin' situation

I'm tellin' you without a doubt

We've gotta pull it all in tight, baby

Checkin' it out

Takin' it further

Takin' it further

Checkin' it out

And all the obstacles along the way

Sometimes may feel so tremendous

There are guides and spirits all along the way

Who will befriend us

Let's talk it out across the table

Make sure that we leave nothin' out

Get into it like a meditation

Start checkin' it out

Takin' it further

Takin' it further

Checkin' it out

And all the obstacles along the way

Sometimes may feel so tremendous

There are guides and spirits all along the way

Who will befriend us

Let's talk it out across the table

Make sure that we leave nothin' out

Get into it like a meditation

Start checkin' it out

Takin' it further

Takin' it further

Checkin' it out

Checkin' it out, now baby
Checkin' it out checkin' it out
You meditate, you meditate
You meditate And you come back You come back Fade
