Van Morrison  
In the cul de sac, so smooth  
I look down  
Be less sure, sir  
And take your rest

It's been much too long  
Since we drifted in song  
Lay it down wet  
In this hide-away

Oh I travelled far  
To the nearest star  
And met Palomar, ...mar..., mar...  
And we don't care just who you know  
It's who you are  
And when they all go home  
Down the cobblestones  
You can double back (spoken This is it)  
To a cul de sac  
Mmm

Oh, I travelled far  
The nearest star  
And Mount Palomar, Palomar, Palomar, Palomar  
And we don't care just who d'you know who d'you know  
And who you really are, really are

And when they all,  
All go home  
Down the cobblestones  
You will double back  
To a cul de sac  
You know, you know you will  
You will, oh, will double back  
And not very far  
To a cul de sac  
You, you, you... will double back  
To a cul de sac  
You know, you know it's not very far away  
No, no

It's just a cul de sac

And you know, and you know, and you know... it's not  
very very far away,

No

It's just a cul de sac

Donn, donn, donn...

You're not very far away, No ohhh

It's not, it's not very far away

It's not as far as a country mile

(You got it)

It's just a cul de sac
