Talking like the only one  
Talking like you're everyone  
I've missed you  
Cos I left you in the past  
As I went to find some new directions

All of my friends  
They just made me look weaker  
All of these words  
They just made me look softer  
But none of this makes any change...

(CHORUS:)

---

Cos then I get the feeling  
I'm falling back in time  
Staring at the ceiling  
And trying to leave behind  
Stuck here on a transatlantic flight

Oh don't you know  
It's lonely falling back in time  
Staring at the ceiling  
And acting like your fine  
Stuck here on a transatlantic flight

---

There's a chance  
To get back straight  
But then again  
You'll have to wait  
And I'll miss you

As I go out for a drink  
I can't help but wondering how you feel

But then I get lonely  
Cos I knew you'd change  
We used to say that it's never too late  
But none of this makes any change...

CHORUS \*2
