Do you have the time?  
It's 25 past nine  
Or maybe a bit before or after.  
I have one of those  
Very short sighted moles  
He can't see anything no doubt about it.

Sometimes I make myself some tea  
Or decaffeinated Coffee  
It all keeps adding up  
Would you pass me the cup  
Is the new Nescafe?  
Or is it tea?

I bought PG tips  
Those pyramid shaped bags  
It told me that they were very efficient

Better than those circles  
You get at Sainsburys  
Or Nettos if that is the way you are

Sometimes I make myself some tea  
Or decaffeinated Coffee  
It all keeps adding up  
Would you pass me the cup  
Is the new Nescafe?  
Or is it tea?
