Buddy you're a harsh man
Always burning down the trees,
Gonna cause global warming some day.
Got that look on your face
You big disgrace
Burning down trees all over the place.

Singing
We Will, we will burn you!..

Cause you burned too much, much too young
You burn down the trees when you could be having fun
with

An Environmentally friendly fireplace
Take that look from off your face.
You ain't ever gonna burn the forestsâ€¦

And soooo change the climate
Before it's too late
And you destroy the earth
And soooo start today
And don't burn the forest
I had to say
