Ok fine Rob. I'll let you do the counting.
7, 9, 2, blue... Go!

The computer chip inside her card
Allows her to get on for free
And everyone's on their way to school today
She's got French and biology
But she doesn't quite understand it
She'd really much rather stay at home
And she can see
No reasons
Cause there are
No reasons
What reasons do you need to be shown?

Tell me why
I don't like the tram system
Tell me why
I don't like the tram system
Tell me why
I don't like the tram system
I wanna go and get on a bus
Or walk today

dudududududududu

Tell me why
I don't like the tram system
Tell me why
I don't like the tram system
Tell me why
I don't like
I don't like
I don't like the tram system
Tell me why
I don't like the tram system
I wanna go and get on a bus
Or walk today

Coffee anyone?
