Good morning radio listeners. This is shah in the morning. Good morning.
Now here is a spiffing tune from a true rock shah!
Smash that vinyl Mr Richards.
Mmmmmm boy!

Whatever

Went down to the beach and we saw crabs and fishes
And I was like "oo" and he was like
Whatever

Whatever

I went down to the watergate
And this guy comes up to me and he's like it's a conspiracy and i'm like
Whatever

I was in my biology lesson and this pupil came up to me and said
"do you want a pencil?" and I was like
Yeah whatever.

Cause this is my eco-system of whatever.
Cause this is my eco-system of whatever.
Cause this is my eco-system of whatever.

Mr Richards came in and he was like
"whats a habitat?" and I'm like
Yeah whatever.

I say good morning to my students, they say good morning back
Cause I'm like
Whatever

I went over to shah, and he was like if you fail to plan then you plan to fail
And I was like yeah that's cool

Cause this is my eco-system of whatever.
Cause this is my eco-system of whatever.
Cause this is my eco-system of whatever.

Whatever

My Eco-system of whatever, from a true rock shah.
I hope you have been enjoying my show, but now I must
leave you, my planet is in danger.
And I need an operation of my toesh
So goodbye students and revise..
ECOLOGYYY...
