You think I'm crazy and now you want me to know (want me to know)

Your bands become the next big thing, why would I go

Your ego has grown, by then I should have known (I should have known)

You only cared about yourself and how far you'd go

Too bad (too bad), you had your chance to make amends

I'm tired (I'm tired) of Rockstar Boyfriends

I know (I know) they lie but no matter how I try

Can't seem (can't seem) to get rid of them

So you have made it everything revolves around you (you suck)

You're fake to all your fans one day they'll know it's true (they'll know it's true)

You think that you're so great and could never be replaced

But with your attitude I'm sure you'll be put to shame

Too bad (too bad), you had your chance to make amends

I'm tired (I'm tired) of Rockstar Boyfriends

I know (I know) they lie but no matter how I try

Can't seem (can't seem) to get rid of them

I'll never take you back I won't make that mistake (even when I'm drunk)

But now I wonder who will be the next to take your place

(Chorus)
